## This week: "Did you know?"

MCM Tip 1: Two critical designers of the groundbreaking and highly sought-after style of the 20th Century known as Mid-century Modern were Charles Eames and Ray Eames. Folks will often refer to the "Eames Brothers," but take note...

The Eames team was actually a brilliant wife and husband duo!

Tip 2: Mid-century refers to just that: Middle of the century 40's, 50's, 60's

Tip 3: Never use a spray on furniture. Sprays contain silicone, which is bad for furniture. When cleaning and treating, pour only on a rag with zero colors or dyes.
